

The Spa Range

The Spa Range from Warwick SASCo is a wide range of re-usable Living Aids, Toileting, and Bedside products.

They are designed for use in Hospital Wards, Rehabilitation, Nursing Homes, Community Care and for Personal Use in the Home.

The Spa Range

Spa products are manufactured from high quality plastic material that is approved for use in medical devices. Most of the products in the Spa Range are registered as CE Class 1 Medical Devices.

Male and Female Urinal Bottles • Bedpans and Commodes • Drinking Cups, Handled Beakers and Lids
Measuring Jugs and Bedside Jug Sets • Vomit Bowls • Denture Cups • Medicine Measures

Spa Benefits

- Toileting products that preserve patient dignity and independence by empowering patients to toilet themselves with little or no assistance.
- Urinal Bottles specifically designed to the male and female anatomy for a comfortable and safe fit during use.
- Product design reduces risk of cross infection and unpleasant odours and sights.
- Easy to use, clean and disinfect, meaning both patient and carer can be confident that products are safe to re-use.
- Beakers and Drinking Cups are wide, easy to grip, non-scratch, drop-proof and have a non-drip rim.
- Handled beakers are ideal for patients with unsteady or infirm hands.
- Medicine Measures are sturdy, ideal for long-term use and regularly checked by Trading Standards for measurement accuracy and compliance.
- All Spa products can be cleaned in automatic washer disinfectors compliant with ISO 15883. Also suitable for hand washing using detergents and disinfectants.
- Urinal Pan SPN and Bedpans FPN, VPN, DPNF and CMP can be autoclaved.
